Figure 1.

Figure 2.

Figure 3

Figure 4

This technical drawing illustrates a mechanical assembly, likely a printing press or a similar device, shown in multiple views. The central component is a large, rectangular frame (19) with a central shaft (20) and a series of rollers or cylinders (21). The frame is supported by a base (22) and a top plate (23). The rollers are arranged in a row, with a central roller (24) and two side rollers (25). The rollers are connected to a central shaft (20) via a series of gears or couplings (26). The drawing includes several numbered labels: 19 for the main frame, 20 for the central shaft, 21 for the rollers, 22 for the base, 23 for the top plate, 24 for the central roller, 25 for the side rollers, and 26 for the gears/couplings. The drawing is a line drawing with no shading.
